To place your fingers properly on piano keys, find the Middle C, which is a white key in the middle of the keyboard, just to the left of two black keys. Put your right thumb on the middle C and let the rest of your fingers fall naturally on the white keys to the right of them. Your left thumb usually starts in the same place, but move it one key to the left if you are playing with two hands ...

octave is divided into 12 semitones of equal size. Because it enables keyboard instruments to play in all keys with minimal flaws in intonation, equal temperament replaced earlier tuning systems that were based on acoustically pure intervals, that is, intervals that occur naturally in the overtone series.
