Hackhs Chemical Dictionary 3ed

In his preface to the First Edition, author Ingo W. D. Hackh, states: "A chemical dictionary should state clearly and precisely the theories, laws and rules; describe accurately the elements, compounds, minerals, drug, vegetable and animal products; list concisely the important reactions, processes, and methods; mention briefly the chemical apparatus, equipment and instruments; and, finally, should note the names of the investigators who have built up the science.it should not forget to ...
