The Kite of Stars and Other Stories by Dean Francis Alfar

"What I need," she began, "is a kite large enough to strap me onto. Then I must fly high enough to be among the stars themselves, so that anyone looking at the stars will see me among them, and I must be able to wave at least one hand to that person." "What you need," Melchor Antevadez replied with a smile, "is a balloon. Or someone else to love."

The Kite of Stars and Other Stories: Dean Francis Alfar ...

The narrative is about a girl, named Maria, who fell in love with a guy called Lorenzo, at first sight. To catch Lorenzo's attention, Maria had to traverse different parts of the world to acquire the needed materials for her to be able to have a kite made that will help her become part of the stars, since Lorenzo "only has eyes for the stars."

L'Aquilone du Estrellas Review (The Kite of Stars) by Dean ...

The Kite of Stars is a speculative fiction short story written by acclaimed Filipino author Dean Francis Alfar. It follows the story of Maria Isabella and her journey to create a magnificent kite to capture the attention of Lorenzo the handsome stargazer that only has eyes for the stars. With the help of the Butcher's Boy, they will travel through incredible places and encounter otherworldly creatures to create the kite that will take Maria Isabella to the stars.

While the remaining five stars that make up the kite shape are quite faint to the naked eye, Arcturus will knock your eyes out. This sky chart shows the early evening sky looking toward the northeast, where the Big Dipper handle points directly toward Arcturus, the lead star in the constellation Bootes.
